PROFESSIONAL SUMMARY

Aspiring AI/ML engineer currently pursuing a Master of Computer Applications (MCA) at GLS University, with a strong foundation in Python, SQL, and data analysis. Passionate about applying machine learning and software development skills to build practical, real-world solutions, with a genuine curiosity for how intelligent systems are designed and deployed. A fast learner who enjoys tackling new technical challenges and is eager to contribute meaningfully to a product-driven engineering team.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Python Libraries: NumPy, Pandas, Matplotlib

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL, MongoDB

Backend & APIs: REST APIs

Tools & Platforms: GitHub, VS Code, Jupyter Notebook

Core Computer Science: Object-Oriented Programming (OOP)

PROJECTS

TrueHire – AI-Powered Job Hiring Platform *Ongoing*

Technologies: Flutter, Python, Supabase, Machine Learning, REST APIs

- Designing and developing an AI-powered recruitment platform that connects recruiters with job seekers through a streamlined, user-friendly interface.
- Building an AI-driven resume analysis module in Python that evaluates candidate resumes against job requirements.
- Implementing ATS score generation along with actionable resume improvement suggestions to help candidates strengthen their applications.
- Integrating REST APIs to enable seamless communication between the Flutter front end and backend services.
- Architecting the application with a focus on scalability, usability, and maintainable code structure as development progresses.

EDUCATION

Master of Computer Applications (MCA) *2025 – Present*
GLS University, Ahmedabad
Semester 1: 77.28% | Semester 2: 85.10%

Bachelor of Computer Applications (BCA) *2022 – 2025*
SDJ International College, VNSGU, Surat
Percentage: 61.50%

Higher Secondary Certificate (HSC) *2022*
P. P. Savani International School
Percentage: 74%
